Industry Leading Coverage of New Mass Air Flow Sensors (MAF)

All of Walker's mass air flow sensors are NEW . . . NOT remanufactured

Technology

- Every Walker MAF is 100% tested to OE specification in fit, form, and most importantly function prior to shipping.
- Manufactured to OE specifications with high quality materials designed to hold up in any condition.

Marketing

- Our MAF are competitively priced with both new and remanufactured programs.
- Walker offers its MAF in both full assembly and sensor only (where applicable), giving the customer the choice.
- All "sensor only" MAF are supplied with the necessary security Torx® bit and corresponding security screws to aid in the removal and installation of the MAF sensor.
- Walker Products is fully compliant with current ACES/PIES standards.

Coverage

- Fastest growing MAF line in the industry.
- Now over 409 SKUs available.
- Extensive coverage for Car & Light Truck, Domestic and Import, Gas, Diesel, Flex Fuel & LPG/CNG.
- Coverage spanning 36 years from 1982 to 2018.
- Through the 2018 model year Walker Products Inc. has identified 17,111 ACES lines of unique MAF applications for domestic and import vehicles.
