ABOUT Us

Walker Products began supplying the fuel system needs of the automotive industry in 1946. Today Walker is one of the largest privately owned manufacturers of fuel system components and engine management devices.

We serve major Original Equipment Manufacturers, Co-manufacturers, Rebuilders, and Retail customers in the fuel, engine management and exhaust markets worldwide.

Walker Products offerings include carburetor and fuel injection repair kits, oxygen sensors, glow plugs, spark plug wire sets and other engine management products such as throttle position sensors, air charge temperature sensors, engine coolant temperature sensors, manifold absolute pressure sensors, fuel injectors and fuel pressure regulators and more.

We are committed to supplying products manufactured to meet or exceed OEM standards and specifications. This effort is backed by our own manufacturing, product management and engineering staff to ensure it is maintained and accurate in the production of quality parts, vehicle applications, instruction sheets and technical support.
