

Othermotive®
Oxygen Sensors...

Quality Products for the Other vehicles in your life.

Aftermarket Leadership

Since 1946, our company has been serving the automotive aftermarket with a dedication to our customers. Today we are one of the largest, privately owned manufacturers in the industry.

OE Quality

Walker Products, Inc. is an ISO 9001 / IATF16949 certified company. Our quality standards ensure that our parts consistently deliver the OE fit, form, and function that the industry expects from us.

Expanding Market

The Othermotive® market comprises diverse applications such as snowmobiles, boats, motorcycles, UTV's and industrial equipment. We are constantly adding new applications to this dynamic mix.

Superior Coverage

We pride ourselves in the depth of our programs. The Othermotive® lineup will meet your customer's needs with great flexibility to expand with the market.
