

New Product Announcement - COP Boots & Boot Kits

Press Release

ThunderCore™

Walker Products has expanded their offering on **Coil on Plug Boots & Boot Kits** to better serve the aftermarket with premium replacement ignition products. The new products remain within Walker's strict quality requirements to exactly match the original equipment specifications.

This product line expansion includes **129 new SKUs** for Domestic, Asian, and European applications. The focus on increasing coverage for kits is to offer better service options to the distributor, installer, and end consumer.

All Walker **Coil on Plug Boots & Boot Kits** offer the necessary components to service the vehicle correctly the first time by including all boots, springs, and seals. Every component is manufactured from premium OE quality materials for high temperature and moisture resistance under the harshest environments.

As part of their **ThunderCore™** product family, Walker supplies OE replacement ignition products that meet or exceed original equipment fit, form, and function. Their rigorous in-house engineering, manufacturing, and testing standards ensure exact fit and performance so the job can be completed correctly the first time.
