

Walker Products Camshaft & Crankshaft Sensors

Walker Products offers a full line of Camshaft/Crankshaft Position Sensors, covering 35,000+ applications from 1980–2018 with 600+ sensors. Walker Camshaft/Crankshaft sensors are engineered and tested to meet or exceed OE Form, Fit, and Function. In addition, Walker Products exclusively offers a unique program in our Full Service Kit® (FSK®) that combines the replacement sensor with the mating vehicle connector in one package.
