

### **Walker Products, Inc. Announces European Distribution Center**

Walker Products, Inc. is pleased to announce the opening of its new European distribution center in Birmingham, England. This new facility will provide expedited service to all European countries effective November 15<sup>th</sup>, 2017. Walker Europe will maintain inventory on Lambda-Oxygen Sensors, Exhaust Gas Temperature Sensors, Mass Air Flow Sensors and many other Engine Management Components to service All Makes and All Models of the European Car Parc. This new distribution center supplements Walker Products' existing manufacturing and distribution plants in Pacific, MO; Garden Grove, CA; Grand Junction, CO; Palmetto, FL; Toluca, MX; and Shanghai, CN. Walker Products is a Tec-Doc certified data supplier and is continually expanding its European product offering.
