

Full Service Kits®

Technician Problem:

Walker Products FSK® Solution:

Each part comes with mating connector

Walker Products Announces Innovative Advancement in Engine Management Sensors

With its new Full Service Kit® now available, Walker announces a totally new concept in selling an engine management sensor solution to satisfy the customer needs and demands in making sure they can do the job right the first time.

What is a Full Service Kit®?

A Full Service Kit® contains not only the base sensor, but also provides the technician and DIY'er with the mating connector and pigtail . . . we even include the butt splices and heatshrink to ensure a watertight connection.

We are now offering hundreds of top moving SKUs in the following key product categories:

- Camshaft/Crankshaft Position Sensor
- Idle Air Control Motor
- Ignition Coil
- Ignition Coil on Plug
- Intake Air Temperature Sensor
- Engine Coolant Temperature Sensor

- Manifold Absolute Pressure Sensor
- Mass Air Flow Sensor
- Oil Pressure Sensor
- Variable Valve Timing Solenoid
- Vehicle Speed Sensor
- Throttle Position Sensor

Why a Full Service Kit®?

For the technician, it saves time in completing the job, without searching for the mating connector and pigtail, reducing rack time making for happy customers and higher profits.

For the DIY'er it saves a trip back to the parts store, dealership or salvage yard to buy the mating connector and pigtail.

For the store it reduces deliveries and side trips to dealerships to buy the mating connector and pigtail leading to reduced returns and comebacks, higher profits and satisfied customers.
